

**London Councils  
Grants Programme 2017 – 21  
Borough Reports  
April 2017 – March 2019**

## Introduction

The London Councils Grants Programme, overseen by the Grants Committee, enables boroughs to tackle high-priority social need where this is better done through commissions at a pan-London level. In April 2017 London Councils launched the new 2017-21 Grants Programme following co-design of services with boroughs and key stakeholders.

### Priorities 1 and 2:

Commissions were awarded to 13 organisations to deliver services to combat homelessness and tackle sexual and domestic violence. For the majority of service areas borough targets were agreed with commissions based on needs datasets (for example domestic violence crime statistics) as agreed by Grants Committee in the service specifications. Where relevant datasets were not available, targets are based on spread across the 33 boroughs and the projects' experience of need.

### Note:

1. \* Figures represent the number of organisations based in the respective borough that have been supported.
2. The grants programme operates across London as needs dictate, with projects supporting highly vulnerable people. Borough data is gathered through individuals self-declaring their borough of residence; therefore, borough level information should be treated with caution.
3. For further data on outcomes delivered at a borough level please see the London Councils website.

### Priority 3:

ESF match funded under the Priority 1.1 Access to Employment for Job-Seekers and Inactive People, the programme aims to improve the employability and skills of long-term unemployed (35%) and economically inactive (65%) residents so they can compete effectively in the labour market by:

- Improving access to employment for individuals who are far from the labour market and need assistance to overcome barriers
- Providing tailored support to improve job readiness and sustainability in employment
- Encouraging inactive residents to participate in the labour market and improve employability
- Tackling poverty through employment and contribute to reducing child poverty in London by raising family income and skills.

Area	Organisation (lead)	Project	Partners
1.1	Shelter	STAR Partnership (Supporting Tenancies, Accommodation and Reconnections)	Thames Reach, Stonewall Housing, St Mungo's
1.1	St Mungo Community Housing Association	HARP Connect (Housing Advice, Resettlement and Prevention Connect)	n/a
