CAPITAL AMBITION
GRANTS

Mr Edward Lord OBE JP
Cllr Paul McGlone

Officers of London Councils were in attendance.

The Chief Executive introduced Lord Toby Harris to the meeting.

Lord Harris recollected that he had been the founding chair of the body that was now called London Councils and gave a brief explanation of the manner and purpose by which the boroughs had come together to form the organisation. He went on to argue for the continued and even heightened need for its existence given the challenges that London faced.

1. Declarations of interest

There were no declarations of interest.

2. Apologies for absence and notification of deputies

Apologies are listed above.

3. Election of Chair

Lord Harris called for nominations for the position of Chair of London Councils and Cllr Claire Kober OBE (Haringey, Labour) was nominated by Cllr Peter John OBE (Southwark, Labour) and seconded by Cllr Teresa O'Neill OBE (Bexley, Conservative). In the absence of any other nominations she was elected Chair and took over chairing the meeting.

The Chair thanked Lord Harris and his fellow Co-presidents, Baroness Hanham and Baroness Hamwee (neither of whom were able to attend the meeting) for their support and positive contribution they made to the work of London Councils from the House of Lords.

4. Election of Deputy Chair and up to three Vice-Chairs

The Chair then invited nominations for the Deputy Chair and up to three Vice-chairs and she nominated the following who were seconded by Cllr Ravi Govindia CBE (Wandsworth, Conservative) and in the absence of any other nominations were returned unopposed:

Deputy Chair	Cllr Peter John OBE (Labour, Southwark)
Vice-Chair	Cllr Teresa O'Neill OBE (Conservative, Bexley)
Vice-Chair	Cllr Ruth Dombey OBE (Lib Dem, Sutton)
Vice-Chair	Ms Catherine McGuinness (Ind, City of London)

5. Minutes of the meeting of the AGM Leaders' Committee on 7 June 2016

Leaders' Committee agreed to note the minutes of the meeting of the AGM of Leaders' Committee on 7 June 2016 already agreed by Leaders' Committee on 11 October 2016.

6. Appointment of London Councils Co-Presidents for 2017/18

The Chair asked for nominations for the posts of Co-Presidents and the following: Baroness Sally Hamwee, Baroness Joan Hanham and Lord Toby Harris were put forward and Leaders' Committee agreed to appoint them as London Councils' Co-Presidents. Cllr Govindia CBE mentioned that Lord Nick True had just recently resigned as leader of the London Borough of Richmond and London Councils should consider ways in which its association with him could be sustained for the benefit of local government in London.

7.-14. Composition of London Councils' member bodies and appointment of office-holders

The Chair proposed to take items 7-14 *en bloc*; items 7-9 (a) were the noting of the members of Leaders' Committee, the Transport and Environment Committee (TEC) the Grants Committee, the Pensions CIV Sectoral Joint Committee and the Greater London Employment Forum on the nomination of boroughs. Items 9 (b) – 14 were the appointment of the employers side of the Greater London Provincial Council, London Councils Executive (including Portfolios), the appointment of party group lead members, the lead member for Equalities, the Group Whips, the appointment of the Audit Committee and election of its Chair and the appointment of the Capital Ambition Board and the election of its Chair and Deputy Chair and the YPES board members. These are listed on the pages that follow and all were agreed by Leaders' Committee.

Summary: This paper attaches the Report of the Independent Panel on the Remuneration of Members for activities on behalf of London Councils

Recommendations: Leaders' Committee is recommended to:

- Consider whether to accept and implement the Panel's recommendations
- Agree a baseline for applying the annual up-lifts.

Remuneration of London Councils' members

Background

1. London Councils¹ first set up an Independent Panel to look into the remuneration of councillors in 1998 and a panel has remained in existence ever since. The Local Government Act 2000 gave statutory force to the practice of using independent panels to make recommendations about remuneration and made special provision for London's Independent Panel on the Remuneration of Councillors. So, when in 2004 London Councils decided to remunerate its leading members for their work for London Councils, it requested the Panel to make recommendations on the scope and quantum of that remuneration.
2. The process by which a scheme is adopted is that the Panel makes recommendations which the recipient body can either amend or reject outright - giving its reasons - or adopt. Since 2004² and most recently in 2014 the recommendations in the Panel's reports of making special responsibility allowances to leading members have been accepted.

The 2018 report

3. The Panel, comprising Sir Rodney Brooke CBE, Steve Bundred and Anne Watts CBE, was asked to convene and review the current scheme (as agreed by Leaders' Committee AGM on 11 July 2017) and the Panel's final Report is attached as Annex 1. As was noted at Leaders' Committee on 5 December 2017, the Report recommends no change in the structure of the existing London Councils remuneration scheme.
4. One of the Panel's consistent recommendations has been to uprate members' remuneration in line with any pay increases negotiated for local government staff. Since 2014, Members have chosen – while accepting the Panel's recommendation on uprating³ - not to accept the increases. This has meant that the appendix to the Panel's Report (see Annex 1) includes two columns of figures, the sum recommended by the Panel including the pay award and the sum actually taken by Members. As the Panel

¹ Formerly the Association of London Government (the ALG), which changed its name to London Councils in 2006, the name that is used throughout this report

² Elected Officers 16 December 2004

³ London Councils 2014, Remuneration of Members, Report of the Independent Panel on Members' Allowances paragraph 5

points out, the sum received by Members has, over the years, steadily fallen behind that recommended by the Panel.

5. The current Report includes the following:

6. *We are mindful of the current economic climate and the severe constraints it places on the finances of local government. Because of this climate, in recent years London Councils members have not accepted the pay increases negotiated for local government staff. As a result, the allowances paid are below the level which they would have reached had the increases been accepted.*
7. *Recognising the long-term inadvisability of allowing members' allowances to decline in real terms, we believe that the allowances should be updated to include the pay increases negotiated for local government staff. We recognise that members may choose not to accept such increases but believe that it is important that they should be formally approved if only to set a base line for the future. The schedule to this report sets out the levels of remuneration which we recommend.*

6. One option being put forward for Members to consider is to take the remuneration levels that currently obtain as a baseline and then apply uprating in line with the officers annual pay award. A second table is, therefore, attached at Annex 2 which shows that approach, increasing the figure currently taken by Members by this year's officers' pay award (2% in 2018/19 and 2% in 2019/20).

Equalities Implications:

There are no direct Equalities implications.

Financial Implications:

The recommendations of the review panel can be accommodated within the approved salaries budget for 2018/19.

Legal Implications:

There are no direct legal implications.

Recommendations:

Leaders' Committee is recommended to:

- Consider whether to accept and implement the Panel's recommendations
- Agree a baseline for applying the annual up-lifts.

LONDON COUNCILS 2018

Remuneration of Members

Report of the Independent Panel on Members' Allowances

Introduction

1. The Local Authorities (Members' Allowances) (England) Regulations 2003 ('the Regulations') authorise the establishment by the Association of London Government (now *London Councils*) of an Independent Remuneration Panel to make recommendations in respect of the members' allowances payable by London boroughs. Such a Panel was established and reported in 2001, 2003, 2006, 2010 and 2014. It will report again in 2017.
2. In 2004 the Panel, acting under Regulation 6 of the Regulations, made recommendations on the allowances to be paid to the elected officers of the Association of London Government. The Panel's recommendations were accepted with only slight amendment. The Panel met again in 2006 and made further recommendations about changes in the scheme. In 2010 and 2014 the Panel recommended further minor modifications, which were accepted. The Panel continued to recommend that the allowances should be updated annually in line with the local government staff pay settlement.
3. The Panel has been re-constituted and now comprises Sir Rodney Brooke CBE DL (Chair), Steve Bundred and Anne Watts CBE. We have considered whether any change in circumstances warrants a change to the remuneration scheme.

Principles

4. The Panel continues to base its conclusions on the principles enunciated in 2004:
 - Those who contribute as London councillors to the work of *London Councils* should be remunerated along the same lines and in accordance with the same principles as members of London boroughs.
 - The level of special responsibility allowances should be such as will properly reflect the time commitment and expertise required to fulfil these roles.
 - *London Councils* remains an important representative body.
 - Financial reward is and should not be the motivation for service on *London Councils*, but equally its scheme of allowances must make it economically

possible for the organisation to draw on a wide range of councillors across the political spectrum.

5. We have sought the views of the Leaders of London Councils and of the Chief Executive. They concur that the scheme is fit for purpose and requires no change. We accept their advice.
6. We are mindful of the current economic climate and the severe constraints it places on the finances of local government. Because of this climate, in recent years *London Councils* members have not accepted the pay increases negotiated for local government staff. As a result, the allowances paid are below the level which they would have reached had the increases been accepted.
7. Recognising the long-term inadvisability of allowing members' allowances to decline in real terms, we believe that the allowances should be updated to include the pay increases negotiated for local government staff. We recognise that members may choose not to accept such increases but believe that it is important that they should be formally approved if only to set a base line for the future. The schedule to this report sets out the levels of remuneration which we recommend.
8. Our previous recommendations remain in place – no member should receive more than one allowance and allowances should continue to be updated annually in line with the staff pay settlement.
9. We therefore recommend the allowance set out in the appendix below.

Summary

This report requests approval of London Councils' Scheme of Delegations to Officers which remain unchanged from the document agreed by Leaders Committee in July 2017

Recommendations

Leaders' Committee is asked to approve the London Councils' Scheme of Delegations to Officers, which remains unchanged since last approval on 11 July 2017 as set out in Appendix One to this report.

Constitutional Matters - Scheme of Delegations to Officers

Background

1. In line with London Councils Standing Orders, London Councils' Scheme of Delegations to Officers is approved annually at Leaders' Committee's AGM, although additional delegations may be made during the year. The current Scheme was approved at Leaders' Committee AGM on 11 July 2017.
2. London Councils' joint committees have retained the authority to make decisions on policy and service provision and have delegated to officers the administrative functions relating to the running of London Councils.
3. The Scheme of Delegations to Officers reflects the current structure of London Councils and enables effective and transparent decision making processes. It does not seek to repeat the delegations contained within the Governing Agreements in full, only repeating them if it enhances the usefulness and clarity of the relevant delegation. The Scheme also does not repeat the specific delegations granted to the Director, Corporate Resources, where the responsibilities are included within the financial regulations. The Scheme of Delegations to Officers refers largely to administrative functions such as staffing, which are delegated in the first instance to the Chief Executive.
4. No changes have been made to the Scheme since the date of the AGM.

Recommendations

Leaders' Committee is asked to approve the London Councils' Scheme of Delegations to Officers, which remains unchanged since last approval on 11 July 2017 as set out in Appendix One to this report.

Financial Implications for London Councils:

There are no specific financial implications arising from this report.

Legal Implications for London Councils:

It is important that London Councils' joint committees properly delegate the exercise of functions to Officers in a manner which is consistent with the relevant Governing Agreements, and any legal restrictions on delegable functions, to ensure that the work of London Councils (through Leaders' Committee, Grants Committee, LCTEC and the Pensions CIV Sectoral Joint Committee) is delivered efficiently and effectively and to avoid any grounds for challenge to decisions made pursuant to those delegations.

Equalities Implications for London Councils:

There are no specific equalities implications for London Councils arising from this report.

Scheme of delegations to officers

June 2018

Scheme of Delegations to Officers

INTRODUCTION

London Councils¹ may, and only in a manner consistent with the London Councils Governing Agreements²:

- (i) delegate to officers of London Councils those of its functions as are permitted by statute to be delegated; and
- (ii) in relation to any of those functions, require that the exercise of those functions be subject to such conditions as London Councils deems fit to impose, including, where appropriate, prior consultation with the leading member on London Councils of each political party or group before taking such action.³

London Councils must formally resolve to delegate the exercise of one or more of their functions to officers by either:

- (i) a decision taken at a meeting of London Councils, i.e. on a case-by-case basis;
- (ii) agreeing a general scheme of delegations to officers.

This document is the general scheme of delegations to London Councils officers. It is not the intention of this document to reproduce details of functions which have been delegated to officers under the London Councils Governing Agreements⁴. This document will, however, be kept under annual review and any additional general delegations to officers which may be made by London Councils throughout the year, will be considered for inclusion in this scheme as part of that review.

As a general rule, the functions delegated to the London Councils joint committees and their sub committees reflect the purpose of the organisation in best representing the interests of the 32 London Boroughs and the City of London. Decisions about policy directions, lobbying and scope of services remain reserved to Member Committees unless specifically delegated on an issue by issue basis. The authority to manage the administrative aspects of the organisation's work has been delegated to officers within the conditions specified below to enable the effective and efficient running of the organisation.

¹ The reference to London Councils in this Scheme of Delegations to Officers encompasses any joint committee of elected Members (including Leaders' Committee, the London Councils Transport and Environment Committee, Grants Committee and the London Pensions CIV Sectoral Joint Committee, and any of their sub-committees authorised to take decisions).

² The London Councils (Leaders' Committee) Governing Agreement, dated 13 December 2001 (as amended); and the London Councils Transport and Environment Committee Governing Agreement, dated 13 December 2001 (as amended).

³ Paragraph 22 of Schedule 6 (Standing Orders) of the London Councils (Leaders' Committee) Governing Agreement, dated 13 December 2001 (as amended); .

⁴ Op cit, footnote 3.

Section 1 - General Conditions Of Delegations To Officers

Day-to-Day Management

1. The Chief Executive and the Directors of any corporate service (and their nominated deputies) shall, in accordance with this Scheme of Delegations, have authority delegated to them for carrying out the day-to-day management of the London Councils services for which they are responsible. (Day-to-day management should include those items which have been recognised as such by past practice or by specific decision/resolution of a committee, or where the Chief Executive, in consultation with the relevant Director, agrees is ancillary to or analogous with matters accepted as being within the scope of day-to-day business exercisable by officers of London Councils). This includes authority to:
 - (a) appoint and manage staff in accordance with agreed policies and procedures, having regard to Section 2. below;
 - (b) place orders and enter into contracts for the supply of goods and services in line with the Financial Regulations and to authorise or incur any other expenditure for which provision has been made in the appropriate budget subject to limits set out in the Financial Regulations and subject to these not being in conflict with existing contracts.

Limitations

2. Any exercise of delegated powers by officers shall comply with London Councils current Financial Regulations⁵ and Standing Orders. The Financial Regulations will not form part of this scheme but must be read alongside it.
3. The Chief Executive will have the authority to extend an existing policy or procedure only if it relates to the internal administration of the organisation and when exercised subject to the conditions below.
4. The Chief Executive, the Finance Officer (Director of Corporate Resources), and any other person authorised under the Financial Regulations, will have the authority to negotiate and agree minor variations to contracts, to write off debts and to undertake all other actions authorised under the Financial Regulations
5. With the exception of policies referred to in paragraph 3, any exercise of delegated powers shall not involve a new policy or extend an existing policy of the organisation unless the Chief Executive is acting under the urgency procedures as contained in the current Standing Orders⁶.
6. Any delegation to the Chief Executive or the Finance Officer may be exercised by any officer authorised by the Chief Executive or the Finance Officer (as the case may be) either generally or specifically for the purpose (except where restrictions exist in employment policies which have been agreed in accordance with Section 2 below).
7. The Chief Executive will nominate the Corporate Director of Policy and Public Affairs to assume authority to exercise all powers delegated to him in his absence.
8. In the event of the Chief Executive being unexpectedly indisposed, authority will be granted to the Corporate Director, Policy and Public Affairs to take over as interim Chief Executive until such time as Elected Officers are able to determine what temporary or transitional arrangements will apply following such indisposition (or death).
9. The Chief Executive may exercise any delegated function in the absence of an officer to whom that authority has been specifically delegated.

⁵ Current Financial Regulations dated 2/6/15

⁶ Current Standing orders dated 7/6/16

10. All delegations are without prejudice to the overriding rights and powers of a London Councils' joint committee or decision-making sub-committee to exercise those functions delegated to it. Any officer may refer a matter to a London Councils joint committee or decision-making sub-committee in lieu of exercising delegated powers.
11. Subject to the foregoing conditions, and to any special conditions which may have been or may in future be applied in respect of particular matters, the Chief Executive will be expected to make such decisions and to take such action as he/she deems necessary in the interests of the efficient running of the organisation and the services provided and administered.

Section 2 - Staffing Delegations

12. The Chief Executive has been granted delegated authority, in consultation with the Corporate Management Board (CMB), to approve policies and procedures relating to human resources and corporate policies and procedures⁷ subject to the following conditions ;
 - (a) any policy relating to internal organisational functions which also applies to Members will be referred to the London Councils' (Leaders) Executive Sub-Committee for approval;
 - (b) all new or amended policies relating to the internal administration of the organisation will only be approved following consultation with the Joint Consultative Committee (JCC);
 - (c) in the event that CMB and the JCC are unable to reach an agreement on the terms of a policy that policy will be referred to the London Councils' (Leaders) Executive Committee for approval;
 - (d) any delegations to officers made in accordance with these policies and procedures shall be considered, to be general delegations from the Chief Executive or the Finance Officer (as the case may be) in accordance with paragraph 6 above.

Section 3 – Officers authorised for certain purposes

13. In accordance with the specific statutory functions delegated to the London Councils joint committees or otherwise to allow the proper and efficient exercise of those functions in accordance with section 111 of the Local Government Act 1972, officers have been individually authorised to act in respect of particular matters (i.e. they are an "authorised officer" for those purposes). Where permitted under the applicable legislation these powers may be further delegated, whether specifically or generally, to another officer to act in the absence of the proper officer.
14. The Chief Executive has been appointed:
 - (a) to act as the "proper officer" for the purposes of the Access to Information provisions of the Local Government Act 1972 (as amended) except insofar as such powers have been specifically delegated to another officer; and
 - (b) to be responsible for the preparation of papers for London Councils Member Body meetings, the preparation of minutes and the promulgation of decisions of such meetings.
15. The Chief Executive, in consultation with the Chair of the relevant sub-committee, will have the authority to amend the programme of ordinary meetings approved by the relevant joint committee for the sub-committees it appoints at its AGM in accordance with Standing Order 1.8. as required throughout the year.

⁷ Corporate policies and procedures would include, but not be limited to, the code of conduct, health and safety and information management policies

16. The Director, Corporate Resources (Finance Officer) has been appointed to act as the proper officer for the purposes of Section 151 of the Local Government Act 1972 and section 114 of the Local Government Finance Act 1988. The officer to be responsible for the proper administration of London Councils' financial affairs and to issue a report to Members if there is or is likely to be unlawful expenditure or an unbalanced budget.
17. Additional delegations to named officers, some of which do not strictly apply to London Councils but which are adopted as a matter of best practice to allow the proper and efficient exercise of the functions delegated to the London Councils joint committees, in accordance with section 111 of the Local Government Act 1972, are set out in Appendix A with reference to the relevant legislative provisions.

Section 4 - Nominations of elected members to outside bodies

18. The Chief Executive has delegated authority to nominate elected Members to serve on outside bodies subject to:
 - (a) those decision being taken in accordance with guidelines agreed by the London Councils Appointments Panel (set out at paragraph 19 below);
 - (b) having regard to the Nolan principles, and
 - (c) those decisions being reported to the next meeting of the Appointments Panel.⁸
19. Nominations will be made by the Chief Executive under paragraph 18 in consultation with elected Members.. In making nominations the Chief Executive will first apply the **Particular Principles** at (a) below but will also seek to ensure that nothing is done to depart from the **General Principles** at (b) below. Regard should also be had to the **General Conditions** at (c), below.

(a) Particular Principles

- (i) In cases where a single nomination is required, in first instance the relevant portfolio-holder will be considered and if that is not a suitable appointment then the Chief Executive will consult elected Members on an alternative candidate.
- (ii) In cases where an outside body requires more than a single nomination-

The first principle to be applied in such cases is any reasonable external requirement placed on London Councils in making the nomination⁹.

The second principle to be applied, if the first principle does not obtain, is the number of nominations made from each political party shall reflect the balance of the parties represented on Leaders' Committee at that time.

(b) General Principles

- (i) When the Chief Executive is applying the Particular Principles set out above they will seek to reflect any particular interest that the body to be nominated to has expressed to London Councils¹⁰.

⁸ In accordance with the decision of the London Councils' Executive acting in their capacity as its Appointments Panel on 29 May 2012

⁹ For example the mechanism employed in determining the number of **nominations** for each political party made by London Councils to the London Fire and Emergency Planning Authority is set out in legislation – the Greater London Authority Act 1999. This will be determined by the application of the d'Hondt formula

¹⁰ For example outside bodies occasionally ask for cross-party appointments

- (ii) The Chief Executive will also be mindful of other factors that it would be reasonable or proper for London Councils to consider, for example specialist knowledge and skills, stability of service, diversity as well as the Nolan principles set out below and the Chief Executive may, in consultation with elected Members, override the Particular Principles set out above when there is a compelling case to do so.
- (iii) All public bodies are under a duty to follow the Seven Principles of Public Life set out by the Committee for Standards in Public Life, formerly chaired by Lord Nolan (the principles are often called the “Nolan Principles”). In particular, the Chief Executive will seek to ensure that the following three Nolan principles are applied-

Objectivity

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.¹¹

Openness

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

- (iv) The Chief Executive will give consideration to the elected Members of the City of London Corporation when making any nominations to outside bodies.

(c) General conditions

- (i) When a nominee to an outside body ceases to be an elected Member of a London local authority, London Councils will, in general, take whatever steps are necessary to remove them from that outside body.
- (ii) At a freeze date, being the date of the meeting of the London Councils’ (Leaders) Executive Sub-Committee in May of each year, a report will be brought to that meeting setting out the total number of nominations made to outside bodies for each of the political parties with a calculation of how this reflects the agreed principles (above) for nominations, and the variation from the balance of the parties on Leaders’ Committee. That report may also contain recommendations to rectify any variations that may exist.

Section 5 – Appointments to Young People’s Education and Skills Board (YPES Board)

20. The YPES Board is a Forum (or sub-committee) of London Councils Leaders’ Committee which operates under a constitution (terms of reference) approved by Leaders’ Committee in accordance with Standing Orders. Leaders’ Committee has the power to approve the appointment of representatives to the YPES Board upon their nomination by those organisations who are members of the Board. On behalf of Leader’ Committee, the Chief Executive will have delegated authority from Leaders’ Committee to approve appointments to casual vacancies of the YPES Board.

¹¹ Members will be expected to regularly attend meetings of the bodies they are appointed to and may be accountable to and from, London Councils for their actions in that capacity.

3 Budgets

- 3.1 The Finance Officer shall prepare the estimates of revenue income and expenditure in consultation with the Chief Executive, who shall critically scrutinise the draft estimates before their submission to London Councils and any Sectoral joint or Associated committee.
- 3.2 The estimates shall show the latest approved estimates for the current year and the estimated expenditure and income for the ensuing three years. The Finance Officer and Chief Executive shall provide sufficient supporting information as required by London Councils, and any Sectoral joint or Associated committee in order for variations between budget headings to be analysed. The detailed form of the annual budget shall be determined by the Finance Officer and Chief Executive consistent with general directions of London Councils and any Sectoral joint or Associated committee.
- 3.3 The Finance Officer shall make appropriate detailed calculations for each budget head. A working paper showing the basis of each calculation shall be kept for six years or until the final accounts for the year in question have been approved by the external auditor.
- 3.4 Estimates of income and expenditure made in respect of the London Boroughs Grants Scheme (LBGS), shall be prepared in accordance with the timetable contained in the LBGS Regulations as amended by Schedule 4 as follows:
 - 3.4.1 The LBGS draft budget shall be submitted to London Councils and the London Boroughs Grant Committee not later than the end of November each year.
 - 3.4.2 London Councils shall approve the draft budget and the London Boroughs Grants Committee shall recommend to the applicable Constituent Councils an overall level of expenditure on an annual basis and this shall include the amounts to be collected from each Constituent Council as determined by the Regulations.
 - 3.4.3 At least two-thirds of the Constituent Councils must approve the recommended overall level of expenditure each year by not later than the third Friday in January as provided for in the Scheme Regulations.
 - 3.4.4 If at least two thirds of the Constituent Councils have not approved the recommended overall level of expenditure before the 1st February in the year in which that financial year begins, the Constituent Councils shall all be deemed to have given their approval for that financial year to total expenditure of an amount equal to the amount that was approved or as the case may be, deemed to have been approved, for the preceding financial year. Such approval shall be subject to any order which may be made by the Secretary of State under Section 48 (5) of the Local Government Act 1985 and will confer authority on the London Boroughs Grants Committee to incur such expenditure.

- 3.9 If it appears that an overspending is unavoidable, even after making use of the virement provisions, then the approval of London Councils and the relevant Sectoral joint or Associated committee must be sought before application of any supplementary estimate. Any proposal affecting the funds of London Councils or any Sectoral joint or Associated committee shall be submitted to such committee accompanied by a report of the Chief Executive who shall consult the Finance Officer as necessary, indicating the sufficiency or otherwise of the estimate provision.
- 3.10 The conclusion of the Concessionary Fares contract shall be reported to the Transport and Environment Committee no later than the 31st of December each year.

4 Virements

- 4.1 Virement, or the temporary transfer of resources between budget heads, is allowed where any expenditure budget head will be overspent or income budget head will not be attained, by the end of the financial year, by offsetting the overspending or shortfall of income in respect of any function by the transfer from other budget heads for the same function which would have sufficient provision during the same financial year. Such virement is defined below.
- 4.1.1 The Finance Officer, in consultation with the Chief Executive, is authorised to approve virements up to a maximum of £50,000 in any one instance, provided the total virement to any one budget head in any one financial year does not exceed £50,000 or, either 50% of the receiving budget or, £1,000 if the receiving budget is less than £2,000. This applies to all budget heads.
- 4.1.2 For all such virements, these shall be reported to London Councils, or any Sectoral joint committee or any Associated committee as appropriate, retrospectively on a quarterly basis.
- 4.1.3 All virements over £50,000 must be approved by London Councils, or any Sectoral joint committee or any Associated committee, as appropriate.

5 Accounting and Document Retention

- 5.1 All accounts, financial records, including computerised records, and financial administration procedures shall be kept or undertaken in a form approved by the Finance Officer who shall also be responsible for keeping the principal accounting records. It is the responsibility of the Chief Executive to retain securely, and in an easily retrievable form, all other information relating to the Organisation's financial and operational activity in support of the accounting and final account process.
- 5.2 In the allocation of accounting duties, the following principles shall be observed:-
- 5.2.1 The duties of providing information regarding sums due to or from London Councils and of calculating, checking and recording these sums, shall be separated as completely as possible from the duty of collecting or disbursing them;

- 5.2.2 Officers charged with the duty of examining and checking the accounts of cash transactions shall not themselves be engaged in any such transactions.
- 5.3 The Chief Executive shall make returns of outstanding expenditure, income and any other relevant information in the form and by the date specified by the Finance Officer for the reporting process detailed in Financial Regulation 9.6 and the closure of the annual accounts.
- 5.4 All computerised financial systems should be capable of producing relevant accounting analysis capable of transfer in a format, level of detail and manner approved by the Finance Officer. The information transfer should include specific types of transaction such as write offs. The Chief Executive shall consult with the Finance Officer before introducing, amending or discontinuing any record or procedure relating to financial transactions or accounting.
- 5.5 All accounting records shall be retained in safe custody for such a period as shall be determined by the Finance Officer and all vouchers must be kept for a period of six years in line with HMRC guidance after the specified accounting period has elapsed. The ultimate disposal of financial records should be arranged by the Chief Executive as “confidential waste” and on no account should sensitive information be disposed of through the normal waste collection process. All such confidential waste disposal arrangements shall be subject to the prior approval of the Finance Officer.
- 5.6 The Finance Officer in consultation with the Chief Executive shall be responsible for the production and publication of the organisation’s final accounts in such a form and in accordance with such a timetable as to make them consistent with any relevant statute and the general directions of London Councils and any Sectoral joint or associated committee.
- 5.7 As soon as practicable after the end of each financial year and before the 30 June, the Finance Officer in consultation with the Chief Executive shall report provisional out-turn figures for income and expenditure to London Councils and any Sectoral joint or Associated committee, comparing these to the approved estimates. The Finance Officer shall present the Statement of Accounts for the year in question to London Council’s External Auditors as early as possible following the presentation of the provisional outturn figures to London Councils Executive.
- 5.8 The Finance Officer shall retain, in safe custody, copies of audited Statements of Accounts including the External Auditor’s opinion and annual report. The Finance Officer shall present the audited Statement of Accounts to London Councils Audit Committee for approval by 30 September. All significant issues raised by the External Auditor’s annual report on the accounts together with any accompanying management letter must be reported to London Councils Audit Committee, including the issues that relate solely to the accounts of any Sectoral joint committee.

6 Imprest Accounts

- 6.1 The Finance Officer shall provide such imprest accounts as he/she considers appropriate after consultation with the Chief Executive.
- 6.2 The Finance Officer may arrange for bank accounts to be opened for use by holders of imprest accounts. Such bank accounts shall not be overdrawn, and it shall be a standing instruction to the bank concerned that any departure from this regulation is reported immediately to the Finance Officer.
- 6.3 The Chief Executive shall be responsible for the control and operation of the imprest account in accordance with instructions issued by the Finance Officer.
- 6.4 No sums received on behalf of London Councils may be paid into an imprest account, but shall be banked separately or paid to London Councils promptly as may be directed by the Finance Officer.
- 6.5 Payments from imprest accounts shall be limited to minor items, unobtainable through Creditors or Stores and ineligible for reimbursement through Payroll, the maximum value of which shall be £50 (inclusive of VAT), unless specific dispensation has been provided to the Chief Executive by the Finance Officer. All payments shall be supported by vouchers and all receipts where appropriate, relating to expenditure from an imprest must be attached to the relevant voucher.
- 6.6 To satisfy the requirements of external auditors, imprest holders shall provide the Finance Officer with certificates annually to certify the balance held. These certificates must be sent to Finance Officer promptly after the end of the appropriate financial year. (Blank certificates will be provided to the imprest holders for this purpose by the Finance Officer before the end of each financial year).
- 6.7 Claims for the reimbursement of imprest accounts should be made at regular monthly intervals, following a full reconciliation of the account and, in any event, frequently enough for the relevant bank account to remain in credit until the reimbursement is received. Imprest reimbursement forms are to be provided by the Finance Officer.
- 6.8 It shall be the duty of the Chief Executive to notify the Finance Officer sufficiently in advance of the impending resignation or departure of the imprest account holder. When an imprest account holder leaves the service of London Councils, he or she shall account to the Finance Officer for the amount advanced.
- 6.9 The general principle of imprest accounting is that at any time the cash balance, together with the aggregate value of any receipts on hand, unreimbursed claims and cheques not credited, should total the approved imprest account balance. At no stage should the cash balance be allowed to fall below zero. Income and change floats shall be kept separately from the imprest cash at all times, and shall not be used to fund cash expenditure.
- 6.10 If it becomes apparent that the current level of imprest is insufficient, the items on which the imprest is expended shall be reviewed. If it is clear that there is no

reasonable alternative to expenditure through the imprest, a formal request in writing to have it increased shall be made to the Finance Officer. Similarly, if it becomes apparent that exceptional circumstances mean a temporary increase/decrease is required then a formal request is to be submitted to the Finance Officer. Further, sub-floats must not be issued from an imprest without the prior approval of the Finance Officer.

- 6.11 No officer shall authorise his or her own claims from an imprest account. Claims are to be authorised by the Chief Executive. Certification by or on behalf of the Chief Executive shall be taken to mean that the certifying officer is satisfied that the expenses and allowances claimed are properly and necessarily incurred and are properly payable.
- 6.12 Expenditure which should form part of the payroll system, e.g. clothing, car allowances and home to work travel expenses, shall not be processed through imprest accounts.
- 6.13 All non-computerised records relating to imprest accounts should be maintained in ink.
- 6.14 The encashment of personal cheques and the advancing of loans from an imprest is strictly forbidden.
- 6.15 The only bank charges, which should be incurred in respect of imprest accounts operated via a bank account, are those in the normal course of operation of the account. As can be seen from Financial Regulation 6.2, bank charges in respect of overdrawn accounts should not be incurred. If they have been incurred, however, they should be debited to an appropriate expenditure code and reclaimed on the imprest reimbursement form.
- 6.16 All Departments holding petty cash should ensure that, at all times, cash is adequately secured. As a minimum this should be in a cash box within a lockable drawer. Amounts in excess of £50 should be kept overnight in a safe or lockable cupboard with very restricted access.
- 6.17 Whenever any matter arises which involves or may suggest irregularities affecting a petty cash imprest system, the Chief Executive shall notify the Finance Officer forthwith. This Regulation also applies in the event of any loss from the imprest account, identified during reconciliation.

7 Banking Arrangements

- 7.1 The Finance Officer will make arrangements with London Councils bankers for the operation of such accounts as he/she may consider necessary. No other bank accounts will be opened without the permission of the Finance Officer.
- 7.2 All bank accounts shall bear an official title and in no circumstances shall an account be opened in the name of an individual.
- 7.3 The Finance Officer will make appropriate arrangements with London Councils bankers concerning designated signatories of cheques, drafts, promissory notes, acceptances, negotiable instruments, orders and instructions.

- 7.4 The Finance Officer shall be responsible for arranging the temporary investment of monies not immediately required, and the ordering and issue of cheques/giro-cheques, direct debit and credit card facilities.
- 7.5 The Finance Officer will ensure that a register is maintained to record all stocks of cheques held by London Councils.
- 7.6 Stocks of cheques will be held by the Finance Officer in a safe covered by adequate insurance arrangements.
- 7.7 The Finance Officer is responsible for arranging the cancellation and subsequent replacement of specific cheques with London Councils's bankers. All requests in relation to cancellations must be channeled through the Finance Officer.
- 7.8 Corporate and Programme Directors should ensure that all bank accounts under the control of their Directorate or Division are reconciled on a monthly basis and that end of the year accounts closure requirements are adhered to.
- 7.9 The Finance Officer shall arrange such safeguards as necessary and practicable, including the separation of staff duties as far as possible in respect of:-
 - 7.9.1 the checking of creditors accounts;
 - 7.9.2 the control of cheque forms;
 - 7.9.3 the preparation of cheques;
 - 7.9.4 the signature of cheques;
 - 7.9.5 the despatch of cheques;
 - 7.9.6 the entry of the cash accounts; and
 - 7.9.7 the reconciliation of bank accounts.

8 Contracts & Procurement

- 8.1 All contracts and procurement that exceed the current EU threshold³ are regulated by EU Procurement Directives, and UK domestic legislation as defined in the Public Contracts Regulations (PCR) 2015. In addition, each and every contract shall also comply with these Financial Regulations. The EU regulations and UK law take precedence over the Financial Regulations and no deviations or exceptions are permitted for contracts in excess of the threshold. Also, contracts with a full life value between £25,000 and the EU threshold are governed under Part 4 of the PCR 2015.⁴
- 8.2 Contracts may be defined as being agreements for the supply of goods or materials, or the carrying out of works or services. Contracts are also deemed to include the engagement of professional consultants (excluding Counsel).
- 8.3 It is a breach of the Financial Regulations to artificially divide contracts where the effect is to circumvent the regulations concerning the following financial threshold limits.

- 14.9.6 Date of disposal and the proceeds.
- 14.10 The total of all the estimated current replacement values should be shown, so that the information is readily available for insurance purposes.
- 14.11 Where practical, the inventory should be updated each time there is an acquisition or disposal. This will produce a more accurate record than if all the amendments are done at the end of the year.
- 14.12 The Chief Executive is responsible for ensuring that an annual check is carried out, in March, of all items on the inventory and for taking action in relation to surpluses and deficiencies. The date of the check and the name(s) of the officer(s) carrying it out should be recorded. When carrying out this check, the current inventory should be used as a starting point. The procedure should be that each location is checked in a methodical manner.
- 14.13 If any discrepancies are found when checking the inventory, these should be followed up until reasons have been found. If it is not possible to find reasons and the amount involved is significant (e.g. more than £100 in value), the Finance Officer should be informed. If the result of these findings is that an item has to be removed from the inventory, then the appropriate authorisation for such write-off should be sought in accordance with Financial Regulation 15.1.
- 14.14 It is important that at least one copy of the inventory is held separately from the assets that it lists, so that if a disaster occurs to the Organisation or its buildings, then all information is protected for insurance purposes, in the event that items need replacement. For inventories that are kept on computer disk, back up copies should be kept in a fire proof cabinet in a separate location to the computer.
- 14.15 For the purposes of capital accounting, the Finance Officer may require all registrars and inventory holders to provide asset registers and inventories reflecting assets held as at the 31st March of each year.

15 Write Offs

- 15.1 No debt, asset, or benefit due to London Councils, including Liquidated Damages, shall be written off without first obtaining the approval of the Finance Officer. The Chief Executive shall submit a list of such items to be written off, together with details of the reasons. The writing off of any such item valued in excess of £1,000 must also be subject to the prior approval of London Councils or the relevant Sectoral joint or associated committee. Any report seeking such approval must detail the actions taken to recover these debts, assets or benefits.
- 15.2 The Chief Executive shall maintain a file for each debt to be written-off, containing relevant documentation to support the validity of the write-off. The file should also identify whether appropriate actions have been taken to recover or

mitigate the loss.

16 Orders for Work, Goods and Services

- 16.1 No officer shall commit the organisation to expenditure in excess of any approved estimate without first seeking the appropriate approval. This Financial Regulation may be waived in cases of emergencies where delays in obtaining approval for excess expenditure would cause loss to London Councils or endanger public health and safety. In such cases the approval for such expenditure must be sought as soon as possible after the event concerned.
- 16.2 Official or purchase orders, including those within a computerised ordering system, shall be in a form approved by the Finance Officer and are only to be authorised by the Chief Executive or his/her nominee. These authorised officers shall then be responsible for the issue of official orders. The names of the authorised officers shall be sent to the Finance Officer together with specimen signatures. Changes shall be notified to the Finance Officer as they occur. Additional guidance on the completion of purchase orders can be found at appendix 10.
- 16.3 In cases where goods, materials, works or services are required urgently and where delay would cause either loss to the organisation or endanger public health or safety then the requisite orders may be placed verbally. However, such verbal orders must be followed by an official written order within two working days and marked "Confirmation Order".
- 16.4 Official orders shall be issued for all work, goods or services to be supplied to the organisation except for public utility services, petty cash purchases or other exceptions approved by the Finance Officer and copies, or full details, of each order shall be retained in the unit where issue has taken place.
- 16.5 No order should be issued unpriced. In those circumstances where a definite price cannot be ascertained at the time of issue, then the order concerned must either be endorsed "price not to exceed" and a value given, or its copy endorsed with an estimated figure.
- 16.6 When an order is amended or varied, a note of the amendment or variation shall be made on the copy order, together with a reference to the authority for such amendment or variation which shall be confirmed in writing to the supplier.
- 16.7 Care shall be taken in the signing of goods received notes, where parcels etc. are unable to be inspected. In such cases the signature should be accompanied by the comment "not inspected" to safeguard the organisation against unseen breakages or shortages at the time of delivery.
- 16.8 The return of all goods to suppliers shall be authorised by the Chief Executive or his or her authorised representative. In each instance officers are only to release such goods when they are certain that the return has been properly authorised,

satisfied that the collection company has been previously notified to them, and that they are in receipt of appropriate return note documentation.

17 Payments

- 17.1 Apart from petty cash and other payments from the imprest account (see Financial Regulation 6) and payments by corporate charge cards (see Financial Regulation 26), the normal method of payment shall be by cheque or other instrument drawn on the bank account operated for the Organisation by the Finance Officer.
- 17.2 The Finance Officer has authority to pay all amounts to which the Organisation is legally committed, after authorisation by the Chief Executive or nominated officer.
- 17.3 The Chief Executive having issued an order is responsible for examining, verifying and authorising the related invoice. It shall be the duty of the Chief Executive to ensure that all goods, materials and services received are as ordered in respect of price, quantity and quality.
- 17.4 Before certifying an account, the authorising officer shall, save to the extent that the Finance Officer may otherwise determine, be satisfied that:-
 - 17.4.1 The works, goods or services to which the account relates have been received, examined, approved, are fit for purpose and, where appropriate, comply with pre-determined standards. This includes all grant payments for commissioned services;
 - 17.4.2 The expenditure is within an approved estimate, or is covered by special financial provision authorised by London Councils or the relevant committee;
 - 17.4.3 The proper entries have been made in the asset registers, inventories, or store records where appropriate;
 - 17.4.4 The price charged is correct and any trade discounts receivable have been deducted;
 - 17.4.5 The invoice or payment certificate is arithmetically correct both in the extensions and the total and that the allowances, credits and tax are correct;
 - 17.4.6 Any copy orders are duly endorsed as paid and brief details of the payment are marked thereon;
 - 17.4.7 The invoice or payment certificate has not previously been passed for payment and is a proper liability of the Organisation;
 - 17.4.8 The appropriate expenditure code numbers are entered on the document for payment and that no payment is made on duplicate or photocopy invoices unless the Chief Executive certifies in writing that the amounts have not been previously passed for payment;
 - 17.4.9 In the case of charges for utilities including gas, electricity and water, any standing charges are correct, and that consumption is charged on the most advantageous tariff and is otherwise reasonable;

17.4.10 In the case of grants payments for commissioned services, reference must be made to the monthly status reports received by the appropriate Directorate management team which considers the progress of each commission against a 'red', 'amber' or 'green' marking in measuring:

- Contract performance (delivery against target outcomes);
- Quality (provider self-assessment and client satisfaction); and
- Contract compliance (timeliness and accuracy of claims and reporting responsiveness and the proactive management of risk); and

17.4.11 Where the analysis of the data highlighted in clause 17.4.10 above results in a specific report being made against a commission to the effect that the commission is considered to be a risk, no further payments should be made to the commission until the appropriate Directorate management team considers further evidence to satisfy itself that the commission no longer represents a risk.

17.5 Any amendment required of a VAT invoice shall be effected through the application of a credit note from the applicable Creditor. Any amendment to a non VAT invoice shall be made in permanent ink and initialed by the officer making it, stating briefly the reasons where they are not self-evident.

17.6 The Finance Officer and the Chief Executive shall, between them, arrange a suitable division of staff duties within the Organisation so that the officer who authorises the invoice as correct shall not be the person who either placed the order, or has certified the receipt of the goods or completion of the work concerned.

17.7 An invoice for goods supplied to the Organisation shall not be prepared by an officer of London Councils, but by the creditor. In certain circumstances invoices for services rendered to London Councils may be prepared, but always in a form approved by the Finance Officer, and the officer preparing the invoice must not authorise it for payment.

17.8 As soon as possible after the 31st March, all outstanding expenditure relating to the previous financial year shall be identified by the Finance Officer.

18 Salaries, Wages and Pensions

18.1 The payment of all salaries, wages, pensions, compensation and other emoluments to all employees and pensioners of the Organisation shall be made by the Finance Officer or under arrangements approved by him.

18.2 The Chief Executive or his authorised representatives, shall notify the Finance Officer as soon as possible, and in the prescribed form, of all matters affecting the payment of such emoluments, and in particular;-

18.2.1 Appointments, resignations, dismissals, suspensions, secondments, transfers and deaths, and for pensions, changes in marital status and deaths;

- 18.2.2 Absences from duty for sickness or other reason, apart from approved leave;
- 18.2.3 Changes in remuneration, and pay awards and agreements of general application;
- 18.2.4 Information necessary to maintain records of service for superannuation, national insurance, income tax, etc.
- 18.3 All pay documents and time records shall be in a form approved by the Finance Officer and shall either be certified in manuscript by or on behalf of the Chief Executive, or in such form as the Finance Officer may direct. The names of the officers authorised to sign such records shall be sent to the Finance Officer together with specimen signatures. Changes shall be notified to the Finance Officer as they occur.
- 18.4 All payments to individuals who are considered to be self employed, in respect of services provided to the Organisation, shall be processed through the Payroll System unless the status of the individual has been confirmed as self employed in accordance with the latest HMRC Guidelines.
- 18.5 All pay documents shall be submitted to the Finance Officer in accordance with the timetables and deadlines determined by the Finance Officer, as detailed in Appendix 7.

19 Security

- 19.1 The Chief Executive shall be responsible for introducing and maintaining adequate arrangements for all aspects of security throughout the Organisation including personnel, buildings, land, stores, equipment, cash, computers, records, and confidential information. The Finance Officer's advice should be sought upon the adequacy of arrangements relating to cash, stores and valuable and attractive items of equipment as well as in those instances where security is thought to be defective. Maximum limits for cash holdings shall be agreed with the Finance Officer and shall not be exceeded without his/her express permission.
- 19.2 Keys to safes and similar receptacles are to be the responsibility of designated officers and are to be kept secure at all times. Loss of any such keys must be reported to the Finance Officer forthwith. Duplicate keys to all safes are to be held in a place approved by the Finance Officer and locked away for use in the case of emergency only.
- 19.3 The Finance Officer shall be responsible for ensuring that secure arrangements are made for the preparation and holding of pre-printed pre-signed cheques, stock certificates, bonds and other financial documents.
- 19.4 Whenever breaking and entering, burglary or criminal damage occurs the matter must be reported immediately by the Chief Executive to the Finance Officer in accordance with Financial Regulation 10.4.
- 19.5 The Chief Executive shall designate one officer as having responsibility for the co-ordination of computer data security issues. This designated officer shall agree with the Chief Executive the degree of privacy of the information put into computer systems used by the Organisation. The designated officer shall then

be responsible for its intended use in the computer installation and for the ability of designed controls to comply with GDPR and DPA 2018.

- 19.6 To comply fully with the requirements of GDPR and DPA 2018 the Chief Executive shall be responsible for maintaining proper security and the appropriate degree of privacy of information held within the Organisation either electronically or in other formats e.g. microfiche, paper output etc. All staff are responsible for ensuring that their use of personal data is consistent with the Organisation's registrations under the Act.
- 19.7 The Chief Executive should ensure that all staff who use information technology adhere to any guidelines on data security issued from time to time by the designated officer. All new employees should be briefed as to the security policies and procedures applicable, including the implications of relevant legislation.
- 19.8 In order to comply with the requirements of the 1988 Copyright, Design and Patents Act, the Chief Executive shall ensure that all staff only use software that is properly licensed.
- 19.9 The 1990 Computer Misuse Act introduced powers to prosecute those who deliberately and without authorisation misuse computer systems belonging to their employers. The Chief Executive should ensure that staff within the Organisation are aware of this legislation and ensure that their use of computers is for authorised purposes only and that no action, such as the running of unauthorised programs or games, corrupts data or introduces a virus to the system.
- 19.10 The Chief Executive should ensure that all staff are aware that information concerning secret and confidential matters, particularly those involving cash or cash deliveries, must not be disclosed in any way except to persons entitled to receive such information.

20 Stocks and Stores

- 20.1 The Chief Executive shall be responsible for the proper custody of stocks and stores held by the Organisation and shall see that all stocks and stores under his/her supervision are subject to an effective system of stock recording and control as well as stocktaking.
- 20.2 It is the duty of the Chief Executive to maintain a continuous stock-check of all stocks and stores held by the Organisation.
- 20.3 Stocks and stores must not be held in excess of what is considered by the Organisation to constitute normal requirements.
- 20.4 All goods received should be checked against quantity/ quality at the time of delivery. Delivery notes should be retained with the original order and invoice and signed by the officer accepting receipt of the goods.

- 20.5 The Chief Executive should ensure that a count and valuation of all stocks and stores held in the Organisation is carried out on a date to be stipulated by the Finance Officer each year. In this respect, reference should be made to the stocktaking guidelines contained at appendix 4. The Finance Officer, however, may dispense with this requirement in cases where the total value of the items held in a store is considered to be too small to justify such activities.

21 Travelling and Subsistence Claims

- 21.1 Claims for travelling, subsistence and minor expenses other than those reimbursed via the imprest accounts, are to be reimbursed via the payroll system. Each claim shall be promptly submitted to the Finance Officer for payment and shall be presented on an approved form clearly detailing the expenditure incurred, supported by receipts where applicable, dated, coded, signed by the claimant and counter-signed by the appropriate authorising officer. Claims with a total value of less than £50 (inclusive of VAT) may be met from an imprest account.
- 21.2 Every officer who receives a car loan or car allowance, whether casual or essential, must produce to the Chief Executive the registration document of the car, a valid and adequate certificate of insurance and an assurance to take all reasonable steps to maintain the car in an efficient and roadworthy condition. This is to take place on a yearly basis, but the Chief Executive shall be promptly informed of any subsequent changes to the above details.
- 21.3 All car allowances are to be paid through the payroll system.
- 21.4 The Chief Executive shall supply the Finance Officer with specimen signatures of all persons in the Organisation who are authorised to certify travelling and subsistence claims and the Finance Officer shall be notified of any changes as they occur.
- 21.5 The certification by or on behalf of the Chief Executive shall be taken to mean that the certifying officer is satisfied that the journeys were authorised, the expenses properly and necessarily incurred and all the requirements of the appropriate approved scheme have been observed.

22 Insurance

- 22.1 The Finance Officer in consultation with the Chief Executive shall ensure that adequate insurance cover is maintained for all the Organisation's assets. The Finance Officer shall also ensure that suitable cover exists to meet any losses or claims which may arise in connection with the provision of the Organisation's services, or from its legal liabilities as an employer, or to third parties.
- 22.2 The Finance Officer shall negotiate annually renewal terms for all the Organisation's insurances at least every five years and the Chief Executive shall provide such information as is necessary to facilitate these negotiations.
- 22.3 The Finance Officer will advise the Chief Executive on all necessary arrangements and information required in respect of insurance cover for the acquisition of property or goods which may necessitate notice to the organisation's insurers.

- 22.4 The Chief Executive shall give prompt notification to the Finance Officer of all new insurable risks and shall provide the Finance Officer with a copy of any indemnity which the Organisation is expected to give. The Chief Executive shall not enter into any such indemnity unless the terms thereof have been approved by the Finance Officer.
- 22.5 The Chief Executive shall notify promptly the Finance Officer of anything likely to give rise to a claim and shall provide such information as is necessary to negotiate claims. Where appropriate, and not in conflict with Financial Regulation 10.4, the Chief Executive in consultation with the Finance Officer should inform the Police.
- 22.6 The Finance Officer may establish such funds as are necessary to meet the uninsured losses of London Councils. Where such losses relate to a Sectoral joint committee then the prior agreement of the appropriate Sectoral joint committee must be obtained. In all other instances the prior agreement of London Councils is to be obtained. Such funds will be operated in accordance with a scheme drawn up by the Finance Officer.
- 22.7 The Finance Officer shall maintain a register of all insurances and the property or risks covered. The Finance Officer shall be notified immediately that any valuables belonging to a private individual are taken into the Organisation's possession so that directions may be given as to their recording and safe keeping. For the purposes of this Financial Regulation the term "valuables" shall include watches, jewelry, cash, documents, goods, chattels or any other items of intrinsic value. This Financial Regulation does not apply to "lost property" of a low value.
- 22.8 Prompt notification shall be given to the Finance Officer following any alteration to the Organisation's insurance status resulting from the award or completion of any contract.

23 Treasury Management and Investments

- 23.1 London Councils has adopted the "Code of Practice for Treasury Management in Local Authorities" as published by the Chartered Institute of Public Finance and Accountancy (CIPFA). This will include its reporting requirements. The CIPFA Code defines "Treasury Management" as "The management of all money and capital market transactions in connection with cash and funding resources of the local authority". Unless decided otherwise by London Councils, this does not include management of Pension Fund money.
- 23.2 The Finance Officer shall be responsible for all borrowing and investment of London Councils, subject to the approval of London Councils or the relevant Sectoral joint committee.
- 23.3 In order to minimise the extent of temporarily surplus funds the Finance Officer shall make such arrangements (including direct payment by the Participating Councils in the TEC Agreement to the Operators) as are reasonable and practical to match the timing of those Councils' contributions to the Concessionary Fares scheme with payments due to the various

Transport Operators

- 23.4 All investments shall be made by the Finance Officer on behalf of London Councils and shall be noted as being for the purposes of the relevant Committee.
- 23.5 All executive decisions on borrowing, investment or financing shall be delegated to the Finance Officer or through him/her to his staff, who shall be required to act in accordance with CIPFA's "Code of Practice for Treasury Management in Local Authorities".
- 23.6 Income received from investments shall be reported annually to London Councils and any Sectoral joint or associated committee by the Finance Officer, as part of the close down of accounts procedure. The Finance Officer shall submit reports on policy, sales and purchases for consideration by London Councils to at least four meetings each year.
- 23.7 The investment of funds included within Pension Funds may be carried out by one or more firms of Fund Managers with the concurrence of London Councils.

24 Unofficial Funds

- 24.1 An "unofficial fund" is any fund where the income and expenditure does not form part of the Organisation's accounts, but which is controlled wholly or in part by an officer on behalf of London Councils.
- 24.2 The Finance Officer shall be informed of the existence of all unofficial funds, and will issue and update accounting instructions for them where necessary.

25 Taxation Requirements

- 25.1 The Finance Officer has overall responsibility for dealing with all statutory requirements concerning the collection, payment and accounting for Value Added Tax (VAT), Pay As You Earn (PAYE) and Construction Industry Scheme (CIS).
- 25.2 The Finance Officer will from time to time issue to the Chief Executive guidance and advice on VAT, PAYE and CIS arrangements arising from such issues as changes in legislation. It is the responsibility of the Chief Executive to make arrangements in the Organisation to ensure that the advised regulations and procedures are implemented.
- 25.3 The Chief Executive must ensure that procedures are in place in the Organisation to provide evidence that all VAT, PAYE and CIS transactions are supported by the correct documentation.
- 25.4 The Chief Executive will consult with the Finance Officer with regard to any issue on VAT, PAYE and CIS that requires advice or clarification.

26 Corporate Charge Card

- 26.1 The Finance Officer will nominate holders of corporate charge cards to facilitate the payment of online, advance or emergency purchases.
- 26.2 The Finance Officer will be responsible for setting the transaction limits on the corporate charge cards which should be taken into account when raising orders for goods or services to be purchased using corporate charge cards. An official purchase order must be prepared and authorised in accordance with Financial Regulation 16 prior to the procurement of goods or services using the charge card.
- 26.3 Corporate charge cards should only be used on official business and not for personal use.

- 26.8 The Finance Officer will carry out such inquiries and checks on the corporate charge card reconciliations submitted, as he deems necessary. In the event of misuse or failure to follow established procedures, the card may be revoked or other appropriate disciplinary action taken.
- 26.9 Where any fraudulent misuse of the card is identified it should be investigated in accordance with London Councils' Anti-Fraud, Bribery and Corruption Strategy (see Appendix 11).

Summary

At its meeting on 22 March 2018, the Audit Committee received a report regarding the extension of the external audit contract for an additional year to include the audit of the 2018/19 accounts. KPMG was awarded the contract in December 2015 for an initial three year period with an option to extend it for an additional year subject to satisfactory performance. The initial three year period covered the audit of the 2015/16, 2016/17 and 2017/18 financial accounts. The Audit Committee considered the report and recommends that Leaders' Committee approves the extension of the external audit contract.

Recommendations

Leaders' Committee is asked:

- to note the recommendation of the Audit Committee; and
 - approve the extension of the external audit contract with KPMG for an additional year to include the audit of the 2018/19 accounts.
-

Extension of External Audit Contract

Introduction

1. In accordance with the requirements of London Councils' governing agreement, the Director of Corporate Resources has to make appropriate arrangements to procure the audit of London Councils' annual accounts. An audited version of the annual accounts is presented to the Audit Committee for approval before circulation to all member boroughs each year. In December 2015, Leaders' Committee appointed KPMG LLP as London Councils' external auditor for a three year period commencing from 2015/16 to 2017/18. KPMG's services were procured through a Crown Commercial Services' procurement framework and the contract includes an option to extend it by a further year. The Audit Committee considered the option to extend the contract at its meeting on 22 March 2018.

Extension of Existing Contract

2. The 2017/18 accounts is the final set of annual accounts that will be audited by KPMG. The current contract for the provision of external audit services includes an option to extend the contract for a maximum of one year subject to satisfactory performance. It is the view of London Councils officers, that KPMG has provided a highly professional and efficient external audit service over the three years of the contract. The firm has consistently met the deadlines and milestones set out in the contract and has not received any complaints on the quality of its audit services.
3. KPMG has indicated that it would be prepared to accept the contract extension. KPMG has charged an annual audit fee of £36,000 over the course of the three years and has stated that the proposed fees for 2018/19 will remain at the same value. The proposed fee of £36,000 appears reasonable in comparison to fees incurred by local government bodies with a similar level of financial transactions. The Committee should be aware that there are some instances where the proposed fee could be increased such as a change in the scope of the audit. Any change in the proposed fees would have to be agreed with the Director of Corporate Resources and presented to the Audit Committee for approval.

Audit Committee Recommendation

4. The Audit Committee's Terms of Reference includes the responsibility to make a recommendation to the Leaders Committee on the appointment, reappointment and removal

of the external auditor. The Audit Committee considered the contract extension at its meeting on 22 March 2018 and agreed to recommend that Leaders' Committee approve the extension of the external audit contract with KPMG for an additional year to include the audit of the 2018/19 accounts.

Procurement of New External Audit Contract

5. London Councils officers will commence arrangements to procure an external audit service for 2019/20 onwards and intend to complete the exercise by March 2019.

Recommendations

6. Leaders' Committee is asked:
 - to note the recommendation of the Audit Committee; and
 - approve the extension of the external audit contract with KPMG for an additional year to include the audit of the 2018/19 accounts.

Financial Implications for London Councils

The proposed audit fee for the 2018/19 financial accounts of £36,000 has been provided for in the 2018/19 budget approved by Leaders' Committee in December 2017.

Legal Implications for London Councils

London Councils' financial regulations require the 2018/19 audited accounts to be presented to the Audit Committee for approval by 30 September 2019. If the decision to extend the contract is not agreed, London Councils officers will have to bring forward the procurement exercise for a new external audit contract to ensure that the audit of the 2018/19 accounts is completed within the deadline.
