* These targets will be recorded from Quarter Five (Year Two, Quarter One)

Note: The grants programme operates across London as needs dictate, with projects supporting highly vulnerable people. Borough data is gathered through individuals self-declaring their borough of residence and, in some instances, sampling methods are used; therefore, borough level data should be treated with caution. Only key outcomes are measured at a borough level; these do not reflect the full range of outcomes recorded by these service areas. Service areas 1.1, 1.3 and 2.2 contain more than one project, with some outcomes delivered by different projects.
